PROFILE

People call me Tee and I am driven by exploration. My strengths include creativity, leadership, problem solving, and efficiency. I thrive in building experiences for myself and the people around me. I pride myself in my innate abilities to solve problems, improve circumstances, and turn ideas into solution based projects. That is why I decided to change my career path from the banking industry to become an innovative and efficient tech oriented expert.

EMPLOYMENT HISTORY

e-Commerce Coordinator & Full Stack Web Developer, The Crème Shop

Los Angeles

Feb 2019 – Jul 2019

- Maintaining daily eCommerce management through Shopify and other top CMS platforms such as Amazon/FBA, and eBay.
- Designing and updating contents & templates for company website through HTML and CSS code injection, along with jQuery, javascript, and Liquid language.
- Over-viewing detailed daily analysis of all eCommerce performances through spread sheets, google analytics, and financial documents to provide weekly data reports and feedback for improvements and new projects.
- Implementing company's backend integrations for enhancements such as wholesale pricing applicators, website speed optimization, color swatches, healthy APIs, and organized efficient code.
- Working with Design, Social Media, and Production department & third party companies to implement better product contents, SEO, global expansions, and engagement (MailChimp) for our consumers.
- Handling all of online customer services, fulfilling orders and policies, and consulting with logistical part of the company to make efficient logical decisions.
- Working with Google adwords, Amazon Campaigns, eBay promotional listings, Instagram ads, YouTube ads, Facebook ads, and other online marketing for recalls.
- Administrating most of company's IT and Tech issues such as GMB, API integrations, and Discord communication system for production and inventory update.

Freelance Web Designer, ENC-Inc.

Torrance

Sep 2018 – Present

- Created UI wireframes for company's new website to display and implement a more modern style website (previously adobe flashplayer).
- Single handedly planned, designed, and developed company's new website using bootstrap, javascript, jQuery, and API from scratch.
- Developed newly created website into many mobile responsive queries including most iOS platforms and android devices with easier accessibility for users.
- Helped host server through MWS and run tests for website optimization and speculations.

FEW COOL THINGS ABOUT ME

Founder of CopdropLA

Los Angeles

Nov 2017 – Present

My passion for hype streetwear led me to start a reselling business for high-end fashion such as Supreme, Limited Edition Jordans, Offwhite, Balenciagas, Yeezys, and so on.

Eagle Scout of America

United States

May 2012 – Present

Started in 7th grade and received 50+ merit badges, 10 certifications, 3 Presidential awards, and the Eagle Rank. Still continue to work with new scouts in the community.

TRAVELED TO 38 COUNTRIES

World

Jan 2012 – Present

I've studied abroad in Spain for 6 months and revisited Europe multiple times. I love to spend my vacation in a new foreign country trying new foods and exploring new things.

Global TEFL Certified

United States

Sep 2015 – Jun 2017

There was a part of me that wanted to continue to travel across the world a couple years back. I completed the certification with a possibility to teach English in Mexico.
